

Solidarity statement with the youth of the Congo

We, in the Youth of Democratic Way, are following with great concern the ongoing struggle of the Congolese youth and all pro-democracy movements in the Democratic Republic of the Congo against the protest the despotism of the Kabila regime and his attempt to stay in power against the people's will and the elections results, and for social justice and popular alternative.

We express our solidarity with the Congolese people and their struggle for self-determination and social justice, at the heart of which the Congolese youth is playing a crucial role.

We strongly condemn the repression of the protest and targeting the militants and the Youth leaders and call on all democratic forces to stand and express solidarity with the Congolese people.

we believe that we are sharing the same fight against despotism and exploitation, for the emancipation of the African peoples and all peoples of the World.

Your fight is ours,

Live long the Congolese people

live long African peoples' struggles

Live long the peoples' Struggles
